Chapter 1 by Trae Fischer

In all time, people have been dressing up in uniforms from many years ago, pick up fake weapons, and pretend to fight popular battles on popular wars. This, is where our story begins, every year, the civil war fans of Gettysburg, Pennsylvania fight the popular fight, "The Battle of Gettysburg", it always gets a large turnout. But this year, something is different. Somebody died... A man of about 55 years of age was actually shot in the replaying of the popular battle. The CSI crew soon comes in.

Chapter 2 by SaintSayaka

They've never seen such a bloodbath, but what could they expect from American's bloodiest war?

The body was found stuffed in a cannon, a rather gruesome discovery for so early in the morning. His eyes were still wide open, as if afraid to be shot out. Marcus Davey was the first on the team to notice what he considered to be blatantly obvious - the scratched along his neck. An aftereffect of the grueling battle, or foul play? The medical examiners would put in their two cents on that.
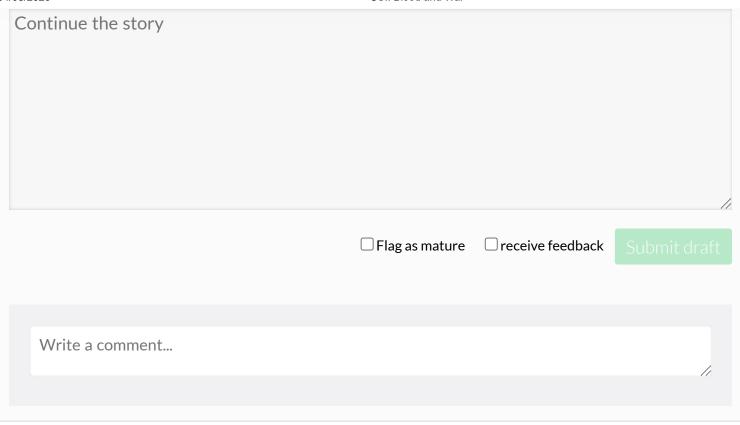

All in all, a rather normal Tuesday.
